

## Message from the Mother

Q: Mother, if there are beings released from the ocean floor, how many types are there?

A: Ninety-six.

Q: That is the same number as the cosmic frequencies, or states of being. Any connection?

A: Yes. There are ninety-six frequencies that form a field of purity in the cosmos – a great blessing to all. You must identify these States of Purity so that all may know.

Q: What should happen to all the magical and holy treasures the various groups are bringing to You?

A: They go into the repository of the Holy City here on Earth, after they are upgraded and purified in all ways. There they are activated to bring beneficial influences to all beings on Earth.

Q: Thank you, Mother. I shall immediately begin to identify the ninety-six States of Purity.

A: Innocence and Purity go hand in hand. Innocence has been restored. Now comes the gift of Purity.
